2010 CONVENTION

Awards

Charles Hooker was recognized for his decades of enthusiastic and unflagging support of the profession of architecture in the State of Mississippi and then presented with a very special award by AIA Mississippi president, Joseph Crain, AIA.

Presidential Citation

Joseph Blake (Joe Blake) was awarded the 2010 Presidential Citation in appreciation for outstanding service and devotion above and beyond the call of duty. Joe's tireless dedication to this Chapter and its members has elevated AIA Mississippi to the highest standard when it was needed the most — during these difficult times of recession and need. We are truly fortunate and grateful for one of his caliber and dedication.
